

Preliminary Congress Program

(last update March 09-th., 2010)

Friday, March 26th

9.00-13:00 Participants registration.

14.00-14.15 Official opening of the Congress

14.20-15.30

Bee products quality. Moderator: Prof. Jost Dustmann (Germany)

- *Qualitative collection of poplar propolis* - Patrice Percie du Sert (France).
- *Comments on the designation of honey (European Commission) / Bemerkungen zur Kennzeichnung von Honig (Europäische Kommission)* – Jost H. Dustmann (Germany).
- *Qualitative collection, characteristics and use of fresh frozen pollen in Romania* – Mihai Ciocian (Romania).

15.00-15.30

Certification of an Apitherapy Apiary

- Arno Bruder, Hans Musch, Stefan Stangaciu.

15.30-17.00 - Biological and pharmacological properties of bee products - part 1.

Moderator: Dr. Andreas Dausch (Germany)

- *Comparative effects of ethanolic extracts of Brazilian propolis on leukemic cells by the MTT assay* - Yong K. Park, Gilberto Carlos Franchi Junior, Cleber S. Moraes, Alexandre Eduardo Nowill, Andreas Dausch (Brazil, Germany).
- *DPPH radical scavenging activity of two kinds of propolis and their emulsions* - CHEN Ying, MIAO Xiao-Qing (China).
- *Radical Clearance Ability of Water Extracts of old Comb from Honeybees of *Apis cerana* and *Apis mellifera** - GONG Mi, ZHANG Xin-yue, GUO Li-kun (China).
- *The Sleeping Improving Effect of Royal Jelly* - Li Chun-li , Wu Zhen-hong , Miao Xiao-qing (China).
- *Medicinal bee plants and honey bees in Brazil and India and their relationship with Ayurveda and Apitherapy* – Igor Rosegger (Germany, India, Brazil).

17.00-17.30 Honey-Tea Break

17.30-19.00 Biological and Pharmacological Properties of Bee Products - part 2

Moderator: Prof. Eberhard Bengsch (Germany)

- *Mechanisms of action of poplar propolis on different flu viruses* - Patrice Percie du Sert (France).
- *The Herpes Simplex Virus (HSV-1) inhibiting effects of melittin and Shen Fengjing in vitro* - Yang Wen-chao, Wu Zhen-hong, Miao Xiao-qing (China).
- *Viruses, flu „pandemy“ and Apitherapy (Viren, Grippepandemie und Apitherapie)* - Eberhard Bengsch (Germany).
- *Study on the biomedical importance of the beehive air (Studie über das Potenzial der biomedizinischen Wirksamkeit von inhalierter Bienenluft)* - Eberhard Bengsch (Germany).

19.00-20.00 Dinner

20.15-21:30 General Assembly of the German Apitherapy Society

Saturday, March 27th

09.00-10.00 Biological and Pharmacological Properties of Bee Products - part 3

Moderator: Dr. Andreas Dausch (Germany)

- *Dual action of honey in wound healing: antibacterial and immunomodulatory effect* – Juraj Majtan (Slovakia).
- *Lyme Borreliosis and Apitherapy* - Eberhard Bengsch (Germany).
- *Effects of combined jumping exercise and honey supplementation on tibia and femur bone physical and mechanical properties in rats* - SomayehSadat Tavafzadeh Haghi (Malaysia-Iran).

10.00-10.30 Honey-tea break

10.30-11.20 Round table on the Scientific Basis of Apitherapy.

Moderators: Prof. Eberhard Bengsch, Prof. Jost Dustmann, Dr. Andreas Dausch.

11.30-13.00 Apitherapy and Apipuncture in Clinical Medicine

Moderator: Dr. Winfried Winter (Germany)

- *Apitherapy of oral (mouth) diseases (Apiterapie in der Behandlung von Mundkrankheiten)* – Gerhard Fredel (Germany).
- *Apitherapy against psoriasis* – Dr. Nailya Khismatullina, Dr. Irina Khismatullina (Russia).

13.15-14.20 Lunch

14.30-16.30 Apitherapy against neurological diseases

Moderator: Dr. Stefan Stangaciu (Germany-Romania)

- *Use of Bee Products against Multiple Sclerosis (Einsatz von Bienenprodukten bei Multiple Sklerose)* – Astrid Neukum, Rosemarie Bort (Germany)
- *Apitherapy in facial paralysis* - Dr. Jose Luis Alba Garcia (Colombia- Bolivia).
- *The treatment of Lyme disease without antibiotics. A comprehensive approach using herbs, vitamins, propolis, bee venom and royal jelly* – Dr. Dietrich Klinghardt (USA, Germany).

16.30-17.00 Honey-tea break

17.00-18.30 Apitherapy demonstrations and devices

Coordinator: Heilpraktiker Rosemarie Bort (Germany)

- Intra-dermal bee venom solution injections (Dr. Dietrich Klinghardt)
- Other techniques of Bee Venom Therapy (Dr. Stefan Stangaciu/Antonio Couto)
- Facial and body Honey Detox Massage (Claudette Raynal)
- Intra-venous honey injection (HP Stefan Schellenberger/HP Rosemarie Bort)
- Propolair/Propolisdämpfen devices (Wilfried Aichorn)
- Beehive air extracting devices (Hans Musch), etc., etc.

19.30-20.30 Dinner

Sunday, March 28th

9.00-10.00 Apitherapy against cancer

Moderator: Dr. Stefan Stangaciu (Germany-Romania)

- *Investigation of cell biological effects of Royal Jelly on normal and tumorigenic haemopoietic stem cells under special consideration of epigenetic regulation mechanisms* – Rainer Schrader, Eberhard Bengsch (Germany).
- *Primary clinical study of therapeutic effect of “BAO YUAN LING” on intermediate or later stage cancer and the complications* - Miao Xiaoqing, Wu Zhenhong, Yang Wenchao (China).
- *Apitherapy Principles in the Treatment of Cancer, a review* - Stangaciu Stefan, Mindrescu Dorin, Orodan Leucian Mihaela (Romania).

10.00-10.20 Honey-tea break

10.20-11.00 Apitherapy against rheumatic diseases

Moderator: Dr. Winfried Winter (Germany)

- *Pharmacology and therapeutic effect of SHEN FENG JIN* - Miao Xiaoqing, Wu Zhenhong (China).
- *Considerations on the use of Apitherapy and Apipuncture against inflammatory rheumatic diseases* – Dr. Cristina Pavel (Romania).

11.00-12.20 Miscellaneous

- *Secrets on how we can eat like a honeybee for at least 6 months...* – Antonio Couto (Portugal).
- *Apitherapy in the Third World: a look to the Apitherapy in Colombia and Bolivia* - Dr. Jose Luis Alba Garcia (Colombia- Bolivia).
- Experience after 13 years use of “Propolair” devices – Wilfried Aichorn (Germany).
- *New findings on Beehive Air Therapy (Ergebnisse der Bienenstocklufttherapie)* – Hans Musch, Rosemarie Bort, Eberhard Bengsch (Germany).

12.20-13.00 Final round table with all speakers.

13.00-13.30 Final Conclusions and Closing Ceremony.

13.30-14.45 Lunch

15.00-18.00 City tour with guided visit of the cathedral, visit of Passau Apiary School and snack. Tour fee: 35 €
